**Subject:** City of Crouch proposed increased Area of City Impact

**Follow Up Flag:** Follow up  
**Flag Status:** Flagged

Hi Patti! The City Council asked that I contact the County to let them know that the City wishes to withdraw its' application to expand the Area of City Impact. The City of Crouch wishes to leave its ACI at the previously defined one mile area of impact. Please let me know if there is anything further you need from the City to make our request official and final. Thank You for all your help with this matter!
